The 3 large bones.

May 4.

If my show is 4 weeks from today,
I can stop pushing everything,
I boiled bones in coffee today, as
in my dream. I painted the
utility table top black w/ blood
red on the handles.

June 6.

I could probably construct this if I got a circular ring of wire or needlework hoop - I have now the top bar, the dish, a large bone, feathers, three bones, bits of rocks!
